

DC ISO 9001:2015 Group		Crowd Control Barriers	Data Sheet No: DC/GR/003
			Revision: 00
			Tech Dwg No : DC/CCB/001

Product Overview :-

The crowd control interlocking barriers are easy to transport and install. The welded hooks and couplers join units and can run to any length. Upright bars are vertically spaced at 5-1/4" with 1-1/4" dia tubular steel. Removable feet allow flat stacking for efficient space management and storage. Choose from a range of color / style to control and direct flow of crowd, traffic thus helping safe movement.
