

DC ISO 9001:2015 Group		<b>Earthing Clamp</b>		<b>Data Sheet No: DC/CJKC/006</b>
				<b>Revision: 00</b>
				<b>Tech Dwg No : DC/ECA/001</b>

### **Product Overview :-**

A corrosion-resistant armour clamping ring assembly, used to obtain a reliable connection between the steel or aluminium wire armour and the earthing conductor. The earthing clamp assembly is used as an integral part cable joints and cable terminations kit in order to provide a reliable connection between the steel wire or aluminium wire armour and the earth conductor.

### **Main Technical Indicator :-**

<b>Earthing Clamp</b>	
Product Code	EC-022-X
Recommended Material	Aluminium Alloy
Hardware Provided as accessory	Yes
Range of ID	20 mm to 110 mm

*We have a dedicated in house R & D to develop the Earthing Clamps as per your technical requirement*
