

DC ISO 9001:2015 Group		STEEL T-BRACKET	Data Sheet No: DC/CJKC/003
			Revision: 00
			Tech Dwg No : DC/TB/001

Product Overview :-

T-Brackets are made of mild steel and are either galvanized or zinc coated. Galvanization or zinc plating is required to meet outdoor use requirements and give a better longevity to the product's life by making it corrosion resistant. It is used in conjunction with Insulators to support cable terminations for outdoor use. These brackets can be used for cable terminations upto 36KV and can further be designed based on the requirement.

Main Mechanical Indicators :-

Cable Insulator Supporting T-Brackets	
Product Code	GMSTB / ZMSTB
Material	Mild Steel
Coating (As per Customer Requirement)	Galvanised / Zinc Coating
Bolting Provision (Diameter)	Information provided on order enquiry
Thickness	
Length	
Width	

*****We have a dedicated in house R & D to develop these Support Brackets as per your technical requirement.***
