### Product Overview :-

Universal pole bands are steel bands manufactured using MS or SS of grade as required by the customer. These steel bands do not require any band tools for fixation. Unlike other steel straps these are the tightened using a carriage bolt, making it easy for field operations and installations.

### Main Technical Indicators :-

|  |                             |
|--|-----------------------------|
| Product Code   | SSUPB                       |
| Material of Band                                     | SS/MS                       |
| Aluminium Lock                                       | Extruded / Die Casted       |
| Carriage Bolt, Nut & Washer (Fully Threaded – 2 set) | Zinc Coated MS              |
| Diameter   | Ranges from 73 mm to 254 mm |
| Load Capacity  | 500 Kg                      |

*We have a dedicated in house R & D to develop these custom made Railings as per your technical requirement.*
